EMANUELA STRUFFOLINO

Thursday 08th March 2018
12:00 – 14:00
Meeting Room – III Floor, Via Verdi 26 Trento

EMANUELA STRUFFOLINO

The Sequence-Analysis Multistate Model procedure for estimating the relationship between time-varying covariates and trajectories

A NEW TOOL FOR OLD QUESTIONS

Emanuela Struffolino is currently part of the research unit “Demography and Inequality” at WZB - Berlin Social Science Center as a post-doc researcher. She was post-doctoral fellow at NCCR LIVES at the University of Lausanne. In 2014, she obtained a PhD in Applied Sociology and Social Research Methods at the University of Milano Bicocca, working on early career pathways and models of labor market participation in Italy. Her research interests include inequality in the labour market, poverty and family dynamics, life course research.
