PROGETTO LIA

THE EUROPEAN, INTERNATIONAL, INTERCULTURAL AND PLURI-LINGUISTIC COMPONENT OF QUALITY IN EDUCATION: A “GENERATIONAL” RIGHT TO EDUCATION. INTERNATIONAL WORKSHOP

Monday September 28th and Tuesday September 29th, 2015

Conference Room, Department of Economics - via Inama, 5 - Trento

The International Workshop aims, first, at a theoretical elaboration - as supported also by legal and soft law sources - of the concepts related to the European, international and intercultural dimension as a structural component of Quality in Education and as an obligation due to the present and future younger generation of students; and, secondly, at surveying, comparing and assessing good practices produced by the educational policies of subnational governments in the European, international and intercultural dimension as a structural component of Quality in Education. Special attention will be given to pluri-linguistic education.

PROGRAM

Monday September 28th

9:15-9:45

Welcome and Introductory Remarks

Paolo Collini, Rector of the University of Trento

Roberto Toniatti, University of Trento
