3D in Vitro Technology for Biomedical Applications: The promise of Tissue engineering

Speaker: Prof. J. Miguel Oliveira
Institute 3B’s, University of Minho, Braga, PT
Chair: Prof. Antonella Motta

A Reimagining of Kidney Dialysis

Speaker: Prof. Buddy Ratner
University of Washington
Chair: Prof. Antonella Motta

REGENER A
Musculoskeletal tissue engineering: in vivo model design

Speaker: Prof. Martijn van Griensven
University of Maastricht
MERLN Institute
Chair: Prof. Antonella Motta

A vision of an editor for research and review paper

Speaker: Prof. Manuel Salmeron-Sanchez
University of Glasgow
Editor-in-Chief of Material Science and Engineering C
Chair: Prof. Antonella Motta
