The reversal of the gender gap in education in Europe: Changing gender inequalities, changing families?

Jan Van Bavel is professor of demography at the Centre for Sociological Research of the University of Leuven (KU Leuven) in Belgium. From 2005 to 2011, he headed the Interface Demography research unit at the Vrije Universiteit Brussel. His research focuses on long term trends in reproductive behaviour in Europe. In 2012, he received a Starting Grant from the European Research Council.
