Prof. Anastasiya Lipnevich is Professor of Educational Psychology at Queens College and the Graduate Center of the City University of New York and expert on assessment and feedback in educational settings, particularly at the university level. Her research interests include: instructional feedback, formative assessment, attitudes toward mathematics, alternative ways of cognitive and non-cognitive assessment.

The event aims to present the concept and the features of feedback, with discussion and exchange of experiences and good practices. Other information about Prof. Anastasiya Lipnevich are available at this website: [Anastasiya A. Lipnevich](#).

The seminar is open prior registration at the following [link](#) before 12th May.

The seminar will take place in person and it can also be followed online.
